

# JUST DON'T.

**Drive Distracted!**

**Speed!**

**Drive Intoxicated!**

[www.clackamassafecommunities.org](http://www.clackamassafecommunities.org)

In Oregon 22% of all crashes (more than one in five) involved a driver age 15 to 20.

In 2006, 25 percent of the young drivers (15 to 20 years old) who were killed in crashes had a BAC of .08 g/dL or higher.

Distracted driving is estimated to be a factor in between 25 to 50 percent of all traffic crashes--that's between 4,000 and 8,000 crashes every day.

Speed is involved in approximately 38 percent of fatal crashes involving male drivers ages 15 - 20.
